

2022 MISSION, GOALS AND OBJECTIVES

KG5Q KEVIN PARMENTER

WHAT WE WILL DO – BURNING IMPARATIVES – BIG IDEAS

Why we exist

Community Service – Emergency Communications

County EOC facilitate install, test and assure readiness – combined skills

Education – licensing - upgrades

Classes, evangelizing Ham radio, helping people obtain licenses, become more proficient, upgrading, evangelizing and modeling amateur radio benefits –events..

County Wide linked repeater system – to support Ecoms

Dennis Mills – technical committee using equipment on hand but need and working on donations

VETTED POOL OF TRAINED RADIO OPERATORS AND ELECTRONICS EXPERTS

- Volunteer forms to those who wish to work with NCSO on SAR, SAV, Ecoms, supporting the mission of the office
- Likely to have – Fires, Floods, Train derailment with hazmat incidents, lost people (SAR) all of these need Ecom support. Backup Dispatching location, natural or manmade incidents – Bike race situation, terrorism, weather..
- New people moving into the area – they want to know – clubs to join? How to I get licenced? How do I get involved? How can I be of service to the community? How can I upgrade my license?
- Other forms of communication – GMRS, broadband internet connectivity, software,, satellite, moving technology forward
- Partnership with surrounding clubs – RIM club in Heber for example – borrowing good ideas...

SITES FOR LINKING – MIGHT NEED EQUIPMENT DONATIONS

- Cheylon Butte – Coconino County covering NW Winslow area west solar power –gen backup approx. 7300 ft
- Holbrook Admin Butte – hub site also covering the I40 area and to Snowflake area
- Cooley Mountain -+ Greens covering south county west to approx. Heber including Showlow, Pinetop, lakeside
- Potentially – Pinedale – Clay Springs tower
- Also looking at a site at Brookbank – approx. 1 mile in on 260 from Coconino county
- Link in Torreionn (spelling) – others?

CHEVLON SOLAR AND POWER INSTALL

MISSION AND GOALS CONTINUED

- We will be forming Steering Committee consisting of groups over various functions to get things done. -
 - technical committee – Dennis Mills
 - Legal and Charter – copy of the bylaws – any inputs for updates and modifications – also needs a legal review
 - Education and licensing – Vince

IN SUMMARY – THIS IS YOUR CLUB YOU GET OUT WHAT YOU PUT IN

- Kevin Parmenter KG5Q
- With an new year ahead of us we expect 2022 to be a great year and our objectives include participation as a club in emergency communications, supporting local events in the white mountains while the influx of people to the area has provided an opportunity to grow our ranks of new hams who have moved in the area or supporting everyone who wants to obtain a license to do so successfully with our training and VE team. We expect large growth this year in membership. Additionally, we plan to build a linked repeater system which will cover major areas of Navajo county to keep us prepared for emergency communications should the need arise. Moreover, we plan to build an emergency communications center to once again keep us prepared for handling traffic in a verity of amateur and public safety communications should the need arise. Once again, this year we plan to have our tailgate swap meet which attracts hams from surrounding areas to participate. We are looking forward to a successful year and wish you all successes in your endeavors as well. For more information, the club's website is <http://kachinaarc.org/>
